

Leisure Centres Re-opening - Frequently Asked Questions

Did you do a deep clean before you re-opened?

All our buildings were deep cleaned prior to re-opening and all prepared with social distancing and sanitising stations put in place.

What additional cleaning have you put in place?

After each session in the gym, studio and pool, our teams will be cleaning and sanitising each area. Also during the session we will be asking members to help by wiping down their equipment and take home their empty water bottles and use the bins provided. "We're all in this together".

Am I going to be safe?

The team at Salford Community Leisure has been working behind the scenes to ensure that we operate for our members and staff in the safest environments possible. Together we can all ensure that we remain safe by staying alert and using the sanitising stations around the building for your personal use and by wiping down services prior and after use.

Will the café be open?

In phase one of re-opening each leisure centre will be operating slightly differently so you will need to check with the team on site.

Can I stay for a coffee after a class?

If the café is open in your local leisure centre, you can purchase a coffee but it will only be available for takeaway.
