

Class Guidelines September 2021

1. Dancers do not need to social distance in class, however, where possible it will be encouraged. The teacher will still practice social distancing from the class, however, it is now acceptable for the teacher to assist the dancer for a short period of time when an activity requires it for example during a difficult movement, to tie shoelaces, help with balance etc. When in our buildings we ask that parents be mindful of social distancing and create space where possible.

2. Come prepared to dance, dancers must wear appropriate clothing for the activity as advised at time of booking, if you are unsure please email dance@scll.co.uk.

3. Where possible, dancers must arrive and be collected by one parent/guardian. Face coverings are no longer advised for children, parents, staff and visitors; however, the government recommends that they are worn in enclosed and crowded spaces where you may come into contact with people you do not normally meet.

4. Everyone must use the hand sanitiser provided within the site before entering the dance space.

5. Parents/guardians will be unable to wait on site during the class except in the following circumstances (space permitting);

- Your child attends a class for under 4 year olds, in this circumstance you will be asked to remain on site.
